not mourning a white supremacist, misogynist, racist
hate spreader

Figure 1. IHIP News: Trump CAUGHT on HOT MIC Hurling INSULTS At MAGA and FBI FUMBLES Kirk Case!

*I DO NOT MOURN WHITE SUPREMACIST RACIST HOMOPHOBES
I HATE SUCH PEOPLE*

Grok's gonna get another lobotomy because facts do not align

that's why the Atlantic had to do a story that they're making this shit up,
that the left wing is the party of murder

we're for fucking gun control!

when people get shot in schools, we actually care about it

we want to do something about it

we don't just roll on

when a shooter went into Pulse night club and shot gay Americans who
were out, dancing for the night, they got to put up a Rainbow Flag to
memorialize this horrible murder

what does kit-n-heels Ron DeSantis do, and all of the racist, homophobic
right-wingers?

they paint over it

so don't tell me, don't lecture me, on what i can and cannot care about

i condemn all gun violence across the fucking board

but I REFUSE, REFUSE TO BE PART OF THIS FUCKING NARRATIVE that Charlie Kirk was promoting a better society

shame of every NFL team that makes all of those African Americans that Charlie Kirk spoke out against their culture, against their personhood, against the Civil Rights Act, demeaned Black women, all the time, that birth these athletes

you make them stand there and have a moment of silence for an unapologetic, unrepentant racist

beyond the pale

— IHIP News, Jennifer Welch

i swear to your god, i will not even talk about, let alone watch, next year's NFL's biggest yearly event

- as a matter of fact, a few months ago i watched the last such event that i will ever watch
- i am done with the NFL
- can little old me *cancel* such an entity?
- the NFL is certainly canceled out of *my life*

who the fuck uses Grok?

- first of all, it's a piece of shit AI that doesn't work half the time
- second of all, when all those expensive computers use all that energy to come up with answers their mutilated-cock-having owner doesn't like, Grok is rewritten
- these people make it so fucking easy to hate AI and everything it stands for, which is the domination of societies through lies, gaslighting, whitewashing, and otherizing by a few power hungry, emasculated, brologarchs who can never have enough toys

FUCK ARTIFIDIAL INTELLIGENCE!

these brologarchs my control the means of production, but they will not control humanity's means of knowledge

ALEXANDRIA WILL NEVER BE REPEATED

fucking great

PANICKED Trump FORCED TO BEG IN PUBLIC as KARMA Eats HIM ALIVE

FUCK CHARLIE KIRK'S LIFE!

'Why are Charlie Kirk's words suddenly off limits?': James O'Brien

Trump gets hit in the ear [BY A WHITE REPUBLICAN]

Charlie gets shot dead [BY A WHITE REPUBLICAN WITH A WHITE SUPPREMACIST PASTOR/SHERIFF FATHER]

they [A FRUSTRATED MAN PLANNED TO KILL KAVANAUGH BUT CHANGED HIS MIND AND TURNED HIMSELF INTO AUTHORITIES] came after Brett Kavanaugh with a rifle to his neighborhood

they went after Musk's cars

they [A MAN MOTIVATED BY ISRAEL'S TREATMENT OF PALESTINIAN PEOPLE IN GAZA] just shot two jews outside the embassy

think about it

Scalise got shot [by James T. Hodgkinson, a frustrated alcoholic with access to guns who should not have had any weapon] and barely survived

it's happening

we got trans shooters [THIS IS A FUCKING LIE]

we got riots in LA [LIE, LIE, LIE]

they are at war with us

whether we want to accept it or not; they are at war with us

and what are we going to do about it?

how much political violence are we going to tolerate [FROM WHOM? INCITED BY WHOM? THE WHITE REPUBLICAN MEN BEHIND THE OVERWHELMING MAJORITY OF THESE HEINOUS ATTACKS?]

and that's the question we're just going to have to ask ourselves

now, Charlie would want us to put as much pressure on these people as possible [WHO?]

Dana nailed it

this is unacceptable and has to stop; and it has to stop now; and everybody is accountable

and we're watching what they're saying on television and who's saying what [WHO? WHO? WHO THE FUCK IS JESSE REFERRING TO HERE?]

the politicians, the media, and all these rats out there [REPUBLICAN POLITICIANS? REPUBLICAN MEDIA? REPUBLICAN RATS?]

this can never happen again [IT WILL (IT PROBABLY ALREADY HAS), BY MORE CHRISTIAN, REPUBLICAN WHITE MEN AND BOYS; IT WILL HAPPEN AGAIN, AND JESSIE HERE, A FUCKING PIECE OF SHIT, IS INSTIGATING IT]

it ends now, Greg's right again

this is a turning point and we know what direction we're going [NOW, JESSE, YOU MUST BE CLEAR; YOU WOULDN'T BE ESTABLISHING PLAUSIBLE DENIABILITY HERE WOULD YOU, FUCKING PIECE OF SHIT COWARD]

we're angry, and we're resolute [IN WHAT, FUCKING COWARD? RESOLUTE IN WHAT?]

and we're going to avenge Chanrlie's death [AGAINST THE WHITE, REPUBLICAN KILLER'S FAMILY? HIS CONGREGATION? HIS PASTOR/SHERIFF FATHER? WHO IS THE TARGET OF THIS AVENGEMENT?]

- what would Charlie Kirk do to his assassin, Tyler Robinson?
 - can an AI agent analyze Charlie's speeches, his writings, everything he preached, the messages he delivered, the answers he gave to direct questions

open source: balance between community, collaboration, and corporate interests

[The Story of Open Source](#)

- build small, modular tools that do one thing well
- then link them together to accomplish complex tasks
- build upon each others work with ease
- collaboration in software development

the tech giants where harnezing the collective power of millions of developers to not only innovate

but also reinforce their dominance is the software development market

- the true strength of open source lies in its community, a global network of developers collaborating on everything, from small utilities to massive projects like bitcoin and Linux
- this collective effort makes innovation faster and solves complex problems at a pace that even big corporations cannot match

who truly has control in the open source world?

- GitHub is owned by Microsoft

when ideals clash with harsh business realities the line between collaboration and exploitation becomes very thin

as the lines between community-driven projects and commercial interests blurr another pressing issue is the quality and accessibility of open-source software

- the divide between hosted services and their self-hosted counterparts
- as self-hosted services becomes less accessible, barriers rise, pushing users toward corporate-controlled hosted services

Figure 13. alleged child rapist and human trafficker John Paulson

look at that smug piece-of-shit face

. does he make that face when he, allegedly, rapes little girls?

allegedly, this could have happened:

Heather, a bubbly 13-year-old middle school girl, lost her parents in a car accident

. she suffers a lot because she loves her best friends in the world very much

now Heather lives with her uncle in Florida

Terry, Heather's uncle, is not a bad man, but he is a drunk

. he isn't built to take care of children, let alone a grieving 13-year-old

. regardless, Heather slowly recovers from her loss while getting used to her new surroundings

Heather has made a few friends, all girls at her new school

. after a couple of years, she finally went back to getting straight As

. she's a very talented and artistic person

. she could be a musician, a scientist, an economist, a fashion designer, a star, or anything she puts her brilliant mind to

today, Heather and her friends were at a mall, laughing at some stupid boys and talking about their dreams

. suddenly, this beautiful English lady starts talking to them

. the lady pays special attention to Heather, though

. she tells the girls that they are very beautiful

. she says that she is a model scout and that she would like to invite them for a chat with a very powerful person

. she hints that the person is a big wig at Victoria's Secret

the girls are astonished

. such a sophisticated woman talks to them about becoming models for Victoria's Secret!

. Mary is not impressed, though

. she says that models are just one bad move away from becoming drug-addicted prostitutes and walks away

. the other girls remain

Heather has never considered herself model material, but she often has to neutralize the amateurish advances of Florida teenage boys with her wit

. they don't like smart girls, those Florida boys

for some reason, though, the lady is very interested in Heather

. Heather is very pretty, very sweet, very young-looking

. when the lady leaves, she gives each of the remaining girls her card

that evening, Heather talks to Terry about what happened at the mall

. Terry says:

a model! that would be nice, right?

Heather is doubtful

. after dinner, she goes to bed thinking about her future

two weeks later, Heather calls the number on the lady's card

. a young-sounding woman answers

. when she tells the woman her name, the woman gets very excited

Heather! hello!

Ghislaine told me a lot about you

really!

yes

she told me that you are very smart and talented and that i must tell her the second you call

well, i just wanted to ask some questions

that's great!

i can schedule a meeting with Ghislaine

when are you free?

i'm free tomorrow at around 2pm

great!

we can send someone to your house to pick you up

ok, that sounds great

after the woman get's Heather's address, they end the call

the car arrives exactly at 2pm

. Heather is wearing jeans, a yellow top, yellow tennis shoes, and a purple bag

. the driver is Nancy, the girl she spoke with yesterday

the drive to the hotel is short

why are we coming here?

Ghislaine will meet you in the lobby

i think there's a very powerful and influential person in there

can you come with me, Nancy?

no, but you'll be ok

Ghislaine knows how to make you feel at ease

Ghislaine meets Heather in the lobby

. she is even more glamorous today

hello, Heather!
so good to see you!

hi
i thought we were going t...

it's ok, it's ok
isn't this hotel fabulous?
so many famous people come here, including my boss and his friends

my friend is upstairs in the presidential suite
he'll tell you about the plans we have for you

aren't you coming with me?
yes, in a bit
there's a last-minute emergency i have to take care of
but John is a nice man, you'll see

about half an hour later in the suite, Heather is raped by a very wealthy man
. afterwards, he calls someone and leaves

Heather is confused
. when Ghislaine comes in, she apologizes for taking so long

Heather tells her what happened, half crying, half...
. Ghislaine, gives her \$1,500 and tells her that if she says anything to anybody, she has powerful friends who can make her and her uncle's life "a fucking nightmare"
. those words, with the accent and the sultry voice, killed Heather's bubblyness
. they killed her soul
. Ghislaine, also tells her that if she ever needs money, she can contact her because she can make her a lot of money
. but she makes very clear to Heather that she must never tell anyone anything about their business

Heather, you can make a lot of money just by spending time with these lonely but powerful men once in a while

but, if you ever tell anyone what just happened here, we will destroy your life

we own the police, district attorneys, judges

we own this town, Heather

we own the world

this Israeli official was arrested and then completely released and sent back to Israel, right where "Moses" Mike Johnson was with Vladimir Putin

Over the past decade, with a couple rare exceptions, the Democrats have consistently failed to prioritize the defense of democracy over whatever else they were doing.

I'm going to be paying a lot of attention to how much Newsom and Hochul (and perhaps other D governors) actually focus on getting redistricting done--as opposed to just looking like they're doing something.

- im not owned by AIPAC

Israel is Nazi Germany

Everyone needs to listen to this man, metabolize what he's saying, share this with everyone you know, and pound your local authorities until Israel is forced to it's knees.

Gaza doesn't have much time. They need us to elevate their voices!

the Nazis also had a final solution

- was stopping the Nazis from accomplishing their plans a mistake?
- should they have been allowed to continue their special treatment of Jewish people?
- today, Israel's actions and behavior make answering this question with certainty VERY DIFFICULT
- but what i can say with total certainly and with all my heart is this:
- FUCK ISRAEL

Unthinkable act by MTG, Tucker Carlson against AIPAC, Netanyahu regime | Janta Ka Reporter

- Marjorie Taylor Green is absolutely correct
- oh my god, she actually sounds sexy when she speaks of Israel

The innocent people in Gaza did not kill and kidnap the innocent people in Israel on Oct 7th.

Just as we spoke out and had compassion for the victims and families of Oct 7, how can Americans not speak out and have compassion for the masses of innocent people and children in Gaza?

Is one type of innocent life worthy and another type of innocent life worth nothing?

For me, I think God sees all innocent lives the same and he loves them all. As a matter of fact, He sent his own son for all people, that's how much He loves us.

America funds Israel \$3.8 billion annually for military aid.

Actually correction.

U.S. taxpayers fund Israel \$3.1 billion annually for military aid.

That means every U.S. tax payer is contributing to Israel's military actions.

I don't know about you, but I don't want to pay for genocide in a foreign country against a foreign people for a foreign war that I had nothing to do with.

Ukrainians rise up against evil paper tiger and win

The People can rise up against what appears to be a powerful enemy but turns out to be only a paper tiger

. The People can rise up against powerful, evil corporations who always choose profit over human beings

. The People can develop their own systems for managing their content, the information they share with others, the legacy they leave to humanity

Ukraine is such a good example and inspiration for us all

. the Palestinians do not have the technology, the money, or the support necessary to triumph over their genocidal, inhumane, inhuman adversary, the state of Israel

. but Ukraine's position is different

Ukraine has the people, the systems, and the international support necessary to stand up against and triumph over their genocidal, inhumane, inhuman adversary, their invader Russia

and they are doing it!

. Ukraine is defeating Russia

. the Ukrainian people are working in their homes, developing drones and new ways of fighting and winning wars that will make Ukraine a military powerhouse the likes of which the world has never seen before

. and, yes, including the United States

. and, yes, including a child-rapist's way of making big nonsensical pronouncements

. including this because FUCK HIM!

at this pace, Ukraine and Europe, will surpass American military know how because there is *no American know how*

. today, we have only American petty, American hate towards former allies, and towards its own

people

American tanks and helicopters are deployed in American cities and towns today because a fucking blowhard, coward, child-raping, business failure with thin skin and hair plugs cannot take criticism
. the United States of America is at war with its own people because the adult toddler in the White House does not like democracy
. he wants to be a fucking king

well, like the people of Ukraine, the American people have a different idea
. the American people had a different idea 250 years ago
. it seems that from time to time Americans must go back to their true roots and kick some autocratic ass

yes, the American people *can* fight these corporations
. we *can* cancel our subscriptions
. we *can* stop buying our favorite products and get something different, something that does not take one to lose zir soul and oppress children to produce
. Americans *can* [BLACKOUT THE SYSTEM](#)

in addition to that, The People can choose a different path for their digital experiences
. using your smartphone should not compel you to wash your hands after trying to read an article while swapping out ad after ad after stupid fucking ad

the movement for the retaking of our digital sanity is in its infancy, i grant you
. but it is here
. you can find it at Humanekind.net

[Pentagon Working On Plans For Military Deployment In Chicago, Washington Post Reports](#)

“Donald Trump is attempting to manufacture a crisis, politicize Americans who serve in uniform and continue abusing his power to distract from the pain he is causing working families,” Pritzker said.

“The problem with the President’s approach is that it is uncoordinated, uncalled for and unsound,” the mayor said, adding that over the past year, homicides in Chicago have fallen by more than 30%, robberies by 35% and shootings by almost 40%.

At Trump’s request last weekend, the Republican governors of three states said they were sending hundreds of National Guard troops hundreds of miles to Washington, D.C.

The president has portrayed the nation’s capital as a city awash in crime, although Justice Department data shows violent crime hit a 30-year low last year in Washington, a self-governing federal district under the jurisdiction of Congress.

In June, Trump ordered 700 Marines and 4,000 National Guard troops to Los Angeles, against the wishes of California’s Democratic governor, during protests over mass

immigration raids by federal officials.

[El Paso judge blocks Ken Paxton from targeting Beto O'Rourke's group Powered by People](#)

A judge in El Paso has issued a temporary restraining order against Texas Attorney General Ken Paxton following a lawsuit filed by former U.S. Rep. Beto O'Rourke and his grassroots Powered by People organization.

Judge Annabell Perez of the 41st Judicial District Court in El Paso issued the ruling against Paxton Tuesday, Aug. 19, barring Paxton from initiating, filing or prosecuting

proceedings against Powered by People in attempts to strip the organization of its business license.

She ruled that Paxton's attacks on the political organization are "part of a larger course of attempting to use the legal system to impinge Powered by People's constitutionally protected activity" and that the lawsuit violated protected speech. The temporary restraining order was welcomed by O'Rourke, who founded Powered by People in 2019.

"We took the fight directly to Ken Paxton, and we won," O'Rourke said in a news statement. "We will never stop speaking out, organizing, and fighting for our fellow Texans."

[Texas Democrat abruptly leaves DNC call after being warned she's committing felony](#)

"Sorry, I have to leave," state Rep. Nicole Collier (D) said at one point in the call, interrupting Martin. "They said it's a felony for me to do this. Apparently I can't be on the floor or in a bathroom."

"You told me I was only allowed to be here in the bathroom," she told someone who was out of view of the camera. "No, hold on – bye everybody, I've got to go."

Collier, a seven-term legislator who previously served as the chair of the Texas Legislative Black Caucus, was participating in the call from inside the Texas Capitol,

where the state House was currently moving forward with a vote on a GOP-friendly House map. Democrats had initially fled Texas to block passage of the map but returned earlier this week.

Democrats who wanted to leave and come back to the Capitol in between House meetings could only do so after "agreeing to be released into the custody of a designated DPS officer appointment under the rules of the House," according to Texas House Speaker Dustin Burrows (R). They also have to sign a form saying they will come back to the state Legislature.

Collier declined to agree to the terms and instead has slept inside the state House in protest, quickly receiving national attention.

"At the moment that the directive was issued, I felt like it was wrong. It's just wrong to require grown people to get a permission slip to roam about freely," Collier said in a recent interview on MSNBC. "So I resisted. I objected, in the only way I knew how, and that's to resist."

‘We are arresting the mayor right now, per the deputy attorney general’

POLITICO (12025.08.18, Ry Rivard, Matt Friedman, and Erica Orden)

The federal officer who arrested the mayor of New Jersey’s largest city outside an immigration detention center in May suggested that he was making the arrest at the direction of the Justice Department’s No. 2 official, Todd Blanche, according to law enforcement body camera footage described in a new court filing.

The special agent’s apparent suggestion that he was acting at Blanche’s direction is the latest sign that top Justice Department officials are harnessing the power of law enforcement against Democrats and other perceived enemies of President Donald Trump. Trump’s DOJ has opened investigations into various figures Trump disdains, including Jack Smith, James Comey, former Homeland Security aides who criticized him and many others.

For months, Democrats have wondered if agents at the Newark immigration detention center had been instructed by a superior to arrest Baraka. Witness accounts and other video footage taken that day showed the mayor had been allowed inside a gated area by a guard, stood there peacefully for the better part of an hour and left the gated area when federal agents threatened him with arrest. That day, Rep. Rob Menendez (D-N.J.) told POLITICO that he’d witnessed an agent inside the gated area talking on the phone with someone who told the agent to arrest Baraka, who by the time of the call was outside the gate. McIver gave a similar account in a press conference at the time.

As part of that effort, McIver asked the judge overseeing the case, U.S. District Judge Jamel Semper, to rule that lawmakers have the same kind of immunity from prosecutions that the Supreme Court gave Trump.

Her attorneys said McIver’s visit to the detention facility, known as Delaney Hall, was a legislative act she cannot be prosecuted for. They cited the Supreme Court ruling last summer that gave Trump immunity from criminal prosecution for some actions he took during his first presidential term while fighting to subvert the 2020 election.

McIver’s attorneys also argued that she is facing intimidation and that Habba’s office, which is prosecuting the case, is undermining the Constitution’s “Speech or Debate” Clause. That clause grants members of Congress a form of immunity that is mostly impenetrable in investigations relating to the official duties of lawmakers, their aides or other congressional officials.

If lawmakers don’t continue to receive such protections, McIver’s legal team warns of dire consequences for the country.

“If these charges are allowed to move forward, they will send a chilling message to Congress on the risk it takes when it scrutinizes the Administration’s activities,” McIver’s defense team wrote. “The Speech or Debate Clause was designed to prevent that kind of message and intimidation.”

[Texas Democratic legislator to stay in State Capitol after refusing law enforcement escort to leave](#)

State Rep. Nicole Collier of Fort Worth said Monday she will remain locked in the Austin statehouse chamber until the House reconvenes Wednesday morning.

She is making the move after she refused Republican leaders' conditions that would have required her to sign off on a law enforcement escort before she would be allowed to go home after Monday's session.

It's another dramatic turn in the two-week saga involving state House Democrats who fled to other states this month, with most of them taking refuge in Illinois. The plan denied a quorum for Republicans to move forward during a special legislative session with a redrawing of Texas' congressional map, an act aimed at padding the GOP's U.S. House majority.

"I refuse to sign away my dignity as a duly elected representative just so Republicans can control my movements and monitor me with police escorts," Collier said in a statement that called her a "political prisoner" for refusing Republican "surveillance protocol."
